

SEEKING HOST FAMILIES

Mrs Anne Thomson - Community Liaison Coordinator

French Exchange Visit

We have our annual visit from our sister school, Lycee Jean Zay, from mid July 2020 and will be seeking 20 host families from Frankston High School for these male and female French students for 3 weeks. They are aged 16 years and do not need their own room. Past host families have found the experience rewarding and enjoyable and your child does not have to speak French to host a student.

Letsibogo High School: Soweto, South Africa

In 2020 Frankston High School will sponsor two female students from **Soweto, South Africa** who will complete all of Year 11 at our school. Students are selected according to their potential to graduate. Our sponsorship provides them with the opportunity to experience life and learning in a privileged environment. Host families are needed for approximately 4 weeks at a time throughout 2020.

Please consider: it is always a challenge to find enough host families
