

FRANKSTON HIGH SCHOOL

INTERNATIONAL HANDBOOK

Please keep this handbook for the time you are studying at Frankston High School. It is a very useful reference guide to ensure that you comply with the requirements of our schools policies, and provides important information on how you can access assistance if you need it.

This handbook should be read together with the orientation folder you receive on arrival at Frankston High School.

VISA

As an International Student, you must be very careful to follow all the visa conditions that have been set out for you by the Australian Department of Home Affairs.

It is very important that all students know what they must do and how they can best meet all the conditions. This handbook will help you to understand what is expected of you. If you do not understand any part of this handbook or your VISA requirements, you **MUST** speak to the International Student Coordinators (ISC) Mrs Sharon Koning or Mrs Kelly Lin.

PERSONAL INFORMATION

All personal information must be accurate and recorded by the school.

- Address
- Mobile phone number
- Email
- Parent contact details (overseas)

If you make changes to any of the above, International Student Program Coordinators (ISC) must be told immediately.

GUARDIANSHIP & WELFARE SUPPORT

The Department of Education, Frankston High School Campus Principal: Mr Cameron Heyes is responsible for your welfare, particularly that of homestay students. You will have contact numbers you can call if you need help including that of the school, the Campus Principal and the ISC. At school we also have teachers and support staff, or your homestay family can also offer support if you needed.

EMERGENCY CONTACT DETAILS

Every International Student receives a card with three emergency numbers on it.

Please keep this card in your wallet or other safe place in case you need to call for help.

It is intended that you should call for help at any time if you feel that a situation is not able to be controlled by you or your homestay.

The people listed on the card are available to help you outside of school hours, on the weekends and during holidays. Please remember that it is the role of the international staff to help you and you can call whenever you feel unsafe, uncertain what to do in a critical incident or lost and in need of an adult's help. The emergency card also has the mobile number and address of your homestay family.

ATTENDANCE

You are required to attend all classes and all Frankston High School activities such as year level assemblies, Student Agency, private study etc. We check student's attendance every lesson, every day.

If you miss classes, you will miss out on important information and possibly may fail the subject due to low attendance. You are required to attend 90% of all your subject classes in order to be eligible to pass that subject.

In your visa conditions, you are required to attend a MINIMUM of 80%. This includes any time you may have been away from school due to illness, accident or leave to return home.

When your attendance falls to 90% you will be placed on a contract and your attendance will be checked regularly. A copy of this contract will be sent to your family. If your attendance continues to fall to 80% you will be reported to the Department of Home Affairs as breaking the terms and conditions of your visa. If this occurs, it is possible that your visa may be cancelled by the Australia Government, and you would then be sent home.

Frankston High School provides translated information about the terms of your visa. Please be sure to read and clearly understand these requirements. These are sent in your per-departure pack and available on Frankston High School website.

If you are absent for more than 3 consecutive days, a medical certificate will be required.

DO NOT book flights during school term dates.

CHANGING SCHOOLS OR COURSES

- Any course changes MUST be discussed with ISC or Sub school coordinators. The change can only be approved by Sub school coordinators.
- Students may not arrange changes with other schools. If you would like to change schools, you must notify ISC immediately and they will provide assistance with your request by completing official documentation.

If the problem does not resolve, we will help you speak with the teacher and to complete any work which may be overdue.

ACADEMIC REQUIREMENTS

There are clear requirements for Frankston High School which students must meet in order to pass each subject:

- Every piece of work must be completed for each subject to a standard acceptable by the class teacher.
- Teachers must be able to see the student working on set work and be confident that the work has been completed by the student not another person. All work must be your own words, not copied from the internet.
- Students must have attended 90% of classes in each subject or they will not automatically pass that subject.

If you have a problem with any aspects of your studies:

- Discuss the problem with your class teacher, inform ISC so they can help if necessary.
- If the problem continues, request a meeting with either ISC or Campus Principal to discuss the problem.

The homestay experience is an excellent way for students to improve their English, learn more about Australian culture and to make the most of their international education experience.

Students might expect to live in a 'family style' homestay. It will have close supervision and require students to observe some house rules as set below. This style of homestay is suited to most students and will require students to behave in the same way as they would while living with their parents at home.

ADVICE FOR HOMESTAY STUDENTS

What do you do if you have a problem with or want to change your homestay:

- Discuss the problem with Mrs Sharon Koning who will follow up and talk to the homestay parents if necessary.

- Keeping their valuables and personal possessions safe by placing valuables in a safety deposit box or with the homestay family for safekeeping and not leaving them lying around the house.
- An invoice will be issued every term to the student/family and prompt payment to the school is required.

PLEASE NOTE:

All students should have their own mobile phone. They MUST have it fully charged and be contactable at all times. Mobile phones are not permitted at school during school hours and must be kept in their lockers.

HOMESTAY PROVIDE:

- A comfortable single bedroom for the student's exclusive use.
- Three meals and snacks per day, seven days per week, at least one meal a day with the family.

You **MUST** receive permission from Mrs Sharon Koning before you will be allowed to stay away from your homestay. This includes overnight stays with friends. Permission is needed three days in advance.
