Please complete this form online via Compass by **Friday 16 December 2022** so the school can prepare accordingly.

### Curriculum Contributions

The following page details a list of items and activities that students use, or participate in, to access the curriculum. They provide for materials and services used by all students in Year 9, both in class and across the wider curriculum.

The Year 9 booklist is also enclosed in your information pack. Please follow the booklist instructions on how to order online directly via our booklist provider.

### Extracurricular Items and Activities

Frankston High School offers a range of optional items and activities that are additional to the delivery of the standard curriculum. These items and activities are designed to broaden the school experience for your child and are provided in addition to the standard curriculum program. These optional extras are provided on a user pays basis and if parents/carers choose to access them for students, they will be required to pay for them prior to the activity taking place. If you would like to purchase an item or activity for your child, please indicate when making payment on your Compass Portal.

### Other Contributions including tax deductible contributions

Frankston High School continues to welcome your other contributions to support our school.

You can make an additional general contribution that goes towards all of our school's important priorities for 2023 as well as providing additional activities and services for all students. Alternatively, you can make a voluntary contribution to any of the specific priorities outlined on the following page.

School Council has established tax deductible gift recipient status with the Australian Taxation Office (ATO) for the Building Fund and Library Fund.

The tax deductible donations have previously been suggested at \$50 per fund. To further ensure your donation meets the ATO definition of a tax deductible donation, Frankston High School is inviting parents to nominate the amount they wish to donate.

Your child will not be disadvantaged if you do not make a voluntary contribution. All records of voluntary contributions are kept confidential as well as your decision about whether to make a contribution or not.
